ENTERING GRADES 7-9

Tom Zierk, Grade 7 English Teacher, Ottoson Middle School

FULL DAY & OVERNIGHT: This program comes at the request of last year's Day Trippers who decided that adding a two-night camping trip would make a perfect week. On Monday and Tuesday we surf at Hampton Beach and sea kayak in Rockport. On Wednesday, we head to Jamaica State Park in Vermont for a two-night camping trip. At the campground, we float on and swim in the West River, hike to Hamilton Falls and explore a hidden ravine with deep pools. At night, we'll tell ghost stories and roast marshmallows around the campfire. No previous camping experience is necessary, just a sense of adventure and willingness to participate in some very active and moderately strenuous days. Students and parents will be required to attend a pre-trip meeting at a date to be announced. Tuition includes all transportation, entry and use fees, and tents.

ENTERING GRADES 3-5

A. Keith Miller, Grade 7 Science Teacher, Excel Academy, Chelsea

Did you know there are over 350 different kinds of sharks, or that sharks can smell one drop of blood in a million drops of water? Come prepared to learn all about the different species of shark, including the sharks spotted off Cape Cod! In this exciting course we'll learn all about what makes sharks such amazing predators, like their incredible skin, streamlined bodies and remarkable sense of smell.

SF548 \$140

Wet and Wild

ENTERING GRADES 4-6

Mary Chavez, Group Leader, Harrington Afterschool Program, Lexington

Summer heat got you down? Cool off with a week filled with water games and activities. Take the water-balloon launcher challenge, or build the most aerodynamic water rocket! You can't be too hot when you're soaked to the skin! Bring bathing attire, sunscreen and towels.

SF554 \$145

Fun in One Act

ENTERING GRADES 4-9

Jenna Fernandes, Grade 6 English Teacher, Ottoson Middle School

Do you come alive on stage? In this course, you will prepare a one-act play, then act, block movement and organize sets, costumes and props. This is a great way to get a taste of the theater!

SF556 \$140

Way Cool Cooking II

ENTERING GRADES 3-6

Kimberly (Lane) Connors, Grade 2 Teacher, Hardy School

For advanced cooks and bakers. If you loved Way Cool Cooking I, you will LOVE Way Cool Cooking II, where you will learn more advanced cooking and baking techniques. We'll sample food every day and put together a recipe book of our favorite dishes. Meals include a variety of ingredients, including flour, eggs, milk, meat and more fruits and veggies. Recipe books will go home after the last class for students to share with their families. Come to class each day with a water bottle and a take-home container for any leftover meals! Come ready to cook, bake and EAT!

SF536 \$150

MIDDLE SCHOOL (ENTERING GRADES 6-9)

Computer Animation

ENTERING GRADES 6-9

Adam Steiner, Technology Integration Specialist, Holliston Public Schools

Bring the material world alive using computers! In this course, we will develop fully-animated stop motion movies from start to finish. We will use clay, Legos and other materials to create characters and sets. We will then use digital photography to animate them and use computers to add music and special effects.

SF558 \$140

Breathe In, Breathe Out...

ENTERING GRADES 6-9

Meredith Healey, Special Education Teacher, Peirce School

Learn how to relax, stretch and meditate. Learn the different names of yoga poses, basic asanas, everyday routines and the best way to meditate for you! All students must bring a yoga mat and wear comfortable clothes. Namaste.

SF560 \$140

Duct Tape Fun!

ENTERING GRADES 6-9

Leng Diamond, Special Education Tutor, Weston Public Schools

This is an arts-and-crafts class where the primary material is duct tape. Come explore the endless creative possibilities that duct tape provides, from flip-flops and wallets to jewelry. We'll have a blast just using our imaginations to come up with new ways of using a familiar material.

SF562 \$145

Week 5: July 28-Aug 1, 1-4pm

YOUNG ELEMENTARY (ENTERING GRADES 1-3)

Games Galore!

ENTERING GRADES 1-3

Andrew Scopa, Physical Education Teacher, Bishop School

Come join the fun! We will enjoy playing many of the active and challenging games you remember from Physical Education class. Games will be played throughout the week in both team and individual settings providing lots of excitement. Activities will include classic games like capture the flag, kickball, floor hockey, bowling, relay races, fitness stations, batting practice, golf and much more. You may even discover a new favorite game!

SF501 \$140

Books Alive!

ENTERING GRADES 1-3

Michelle Mount, Drama Teacher, Newton Public Schools

Toys come to life in the movie *Toy Story*. In this class, wonderful, magical books come to life, and you get to be some of the characters! This is a fun class of "let's pretend" and interactive storytelling. Listen as the stories are read aloud, then dress up and act out the parts of your favorite characters! Indulge your creativity and your imagination. Stories will depend on student interest and may include: *Amelia Bedelia*, *Where the Wild Things Are*, *Madeline*, *The Lorax* and *Horton Hears a Who*. All are welcome!

SF541 \$140

Disney Princesses

ENTERING GRADES 1-3

Rebekah and Meredith Wall, Teaching Assistants, Dallin School

Every day we will learn everything about at least one Disney princess. We will read books, listen to music, craft and learn about the culture the princess came from. Princesses include Cinderella, Ariel and Tiana, to name just a few. It's sure to be a "magical" adventure!

SF543 \$140

The Art of Math

ENTERING GRADES 1-3

Allie Marsh, Kindergarten Teacher, Thompson School

Math is more than just numbers! We will explore math concepts such as geometry, patterns, and symmetry through a variety of 2D and 3D art projects. We will spend the week building and creating mathematical masterpieces while strengthening our understanding of these topics. Come see how fun it can be to combine math and art!

SF547 \$140

OLDER ELEMENTARY (ENTERING GRADES 3-6)**Fit 'n Field Hockey**

ENTERING GRADES 3-6

Colleen Flynn, Kindergarten Teacher, Peirce School/AHS Field Hockey Coach

Come learn the sport of field hockey! We will learn basic skills for field hockey and play other fun and active games to get our exercise! Please bring a field hockey stick, shin guards (soccer ones are fine), mouth guard, goggles and water bottle because we will be outside most of the time! A few sticks will be available to borrow.

SF549 \$140**Computer Animation**

ENTERING GRADES 3-6

Adam Steiner, Technology Integration Specialist, Holliston Public Schools

Bring the material world alive using computers! In this course, we will develop fully-animated stop motion movies from start to finish. We will use clay, LEGOS® and other materials to create characters and sets. We will then use digital photography to animate them and use computers to add music and special effects.

SF557 \$140**Wacky Science**

ENTERING GRADES 4-6

Melissa Gridley, Grade 3 Teacher, Chelmsford Public Schools

Calling all scientists! Interested in how things work? Like to get your hands dirty? Come explore the wacky world of science! Learn to use your observation, exploration and critical thinking skills to explore the world around you. Can you grow a seed without dirt or eat the roots of a plant? Is there a difference between a scientist and a magician? Is there really such thing as slime? Conduct experiments to see if you can beat the store-brand product! How do you make ice cream in a sandwich bag? Can you make an egg survive a downhill derby race? Come explore these questions and so much more in Wacky Science Experiments!

SF531 \$140**Origami Fun!**

ENTERING GRADES 3-6

Andy Chen, Substitute Teacher, Bedford Public Schools

Come learn the Japanese art of paper folding. We'll make monsters like dragons and dinosaurs, beautiful objects like flowers, rings, dresses and shoes, animals you see everyday and just about everything in between. We'll work on group projects such as a giant castle. Make something amazing and wonderful to take home and show your family. And we'll provide instructions so that after you've made your masterpiece you can do it again.

SF539 \$140**Breathe In, Breathe Out...**

ENTERING GRADES 3-6

Meredith Healey, Special Education Teacher, Peirce School

Learn how to relax, stretch and meditate. Learn the different names of yoga poses, basic asanas, everyday routines and the best way to meditate for you! All students must bring a yoga mat and wear comfortable clothes. Namaste.

SF561 \$140**Cartooning: Heroes & Villains**

ENTERING GRADES 3-6

Sue Funk, Art Instructor, KidZone

Look out superheroes, villains, and princesses! Here is your chance to create original crazy characters, monsters, fairies or just-a-nice-guy-next-door-secretly-superhero! Learn the "how to" of cartooning—how to take reality and redraw it into your own fabulous creations, along with how to create backgrounds, cool lettering and funky stories. All classes will begin with "reality" checks where we will work on drawing things realistically to then transform them into original cartoons. Imaginations welcome here!

SF503 \$140**SummerFun Strings Ensemble**

ENTERING GRADES 5-9

Jing-Huey Wei, String Program Instructor, Arlington Public Schools

For students who have more than two years of playing experience, the SummerFun String Orchestra is an excellent opportunity to continue playing your string instrument and to have a positive musical experience during the summer months. We will play classical, folk, pop and jazz music. We will also review scales and string techniques. Our week will culminate in a concert open to friends and family on Friday.

SF545 \$145**Japanese for Genki Kids**

ENTERING GRADES 3-6

Byron Bradley, ESL Instructor, Dunbar Language School

Let's spend a week learning about Japan and Arlington's sister city of Nagaokakyo. We'll have fun learning some of the language, eating some of the food and enjoying Japanese culture. We'll write, draw and speak Japanese, play some Japanese games and watch some Japanese animation.

SF535 \$145**Duct Tape Fun!**

ENTERING GRADES 4-6

Leng Diamond, Special Education Tutor at Weston Public Schools

This is an arts-and-crafts class where the primary material is duct tape. Come explore the endless creative possibilities that duct tape provides, from flip-flops and wallets to jewelry. We'll have a blast just using our imaginations to come up with new ways of using a familiar material.

SF563 \$145

Sculpture Big & Tall

ENTERING GRADES 3-5

Jennifer Telles, Art Teacher, Fay School

Bring your ideas to life through the use of 3D materials. Expand your knowledge of clay, paper mache and fabric arts by creating decorative pieces for you, your friends and family. Learn basic hand-building, assemblage and pattern-making skills. Projects will be tailored to individual interests and abilities. Note: We will not make items that can be used with food.

Advanced Harry Potter: The Darker Side of Magic

ENTERING GRADES 6-9

Ally Frank, Grade 5 Teacher, Bishop School

Think you're too old for magic? Think again. In this advanced class we'll explore the darker side of the Potter series. We will play Quidditch, scrutinize movies and brew potions. We will also explore the influence the Potter series has had in the creation of the *Hunger Games*, the *Divergent* series, the Percy Jackson series and the *Matched* trilogy. To fully enjoy this week, participants should have read the entire Potter series (at least once)!

SF551 \$140

Hello, Cupcake!

ENTERING GRADES 6-9

Randi Flynn & Susan Macinni, Special Education Teacher & Assistant, Ottoson Middle School

Taking our inspiration from the popular book *Hello, Cupcake*, we will create beautiful masterpieces with various materials. Each day will feature a different cupcake theme. We'll bake, decorate and sample our creations, then choose our favorites. *NOTE: In this class we will work with food that may have been packaged with or may contain nuts; be sure to note any food allergies when registering.*

SF559 \$145

“This class has meant a break from unauthorized “science experiments” at home! Now we have instructions to recreate the fun on our own! Thank you!”
